Thanks to Alain and a new French language coordinator

Alain Douylliez is finishing as lesson coordinator and teacher at the end of this term. Repeating Julie's AGM comments, the committee sincerely appreciates the contribution Alain has made to the functioning of the Association, language tuition and the coordination of the weekly classes. Thanks Alain.

Our language students will be familiar with Carole Couture-Brieu who has been teaching for us since 2017. Carole is taking over the coordination responsibility for these lessons and Alain is assisting to ensure a smooth transition. Thanks Carole
